Once all amounts are paid in full, the lien shall be released. Customer shall not withhold any part of the Agreement amount for which payment is due under the Agreement. The total Agreement price, including the charges for changes/extras, shall be payable to Contractor in accordance with the agreed upon terms. If there is an increase in the price of the products charged to the Contractor in excess of 5% subsequent to making this proposal/contract, the price set forth in this proposal/contract shall be increased without the need for a written change order or amendment to the contract to reflect the price increase and additional direct cost to the Contractor. Contractor will submit written documentation of the increased charges to the Customer. The failure of Customer to make proper payment to Contractor when due shall entitle Contractor, at its discretion, to suspend all work, shipments and/or warranties until full payment is made or terminate this contract. T
- 7. Restrictions and Requirements. In the event that state, county, or municipal codes or regulations require work not expressly set forth in this Agreement or differ materially from that generally recognized as inherent in work of the character provided for in this Agreement, all extra cost for Contractor's labor and materials shall be the sole obligation of the Customer. It shall be the sole obligation of the Customer to determine the existence of restrictions contained in deeds, subdivision or neighborhood regulations which might relate to or restrict the improvements under this Agreement. Contractor shall have no liability or responsibility for any such non-conformity with such restrictions/requirements. Contractor shall be entitled to payment from Customer of all sums due hereunder not withstanding any injunction/prohibition against the work as a result of any violation of such restriction/requirement.
- 8. Customer Protection of Property. Due to the nature of the construction to be done at Customer's request, the Customer takes sole responsibility for any damage done to curbs, walkways, driveways, structures, septic tanks, HVAC, utility lines, landscaping, appurtenances, person(s) or real or personal property at the job location. Contractor is not liable for damage to person or property caused by nails, and Customer agrees that it will take the appropriate precautions to avoid said damage. Unless otherwise specified, there is no specific completion date. However, Contractor will perform the work hereunder within a reasonable time and in a workmanlike manner. The cost for testing/abatement for asbestos is the sole responsibility of the Customer.
- 9. Indemnification. For and in consideration of \$10 given by Contractor to Customer and already reflected in the Agreement price, the Customer shall defend, indemnify, and hold the Contractor, its officers, directors, agents, and employees (individually "indemnitee," collectively, the "indemnitees") harmless from and against any and all claims, demands, losses, damages, liabilities, expenses, or costs, including reasonable attorney's fees, costs and expenses of investigation, penalties, interest and amounts paid in settlement (collectively "Losses") incurred or to be incurred by Contractor, arising out of, relating to, or resulting from (1) personal injury, (2) wrongful death, or (3) property damages; including claims for those damages caused partly or wholly as a result of the negligence or wrongful acts of any of the indemnitees if the damages claimed relate to or arise out of, or are connected with the Agreement or the actions necessary to perform same. The Customer's duty under this provision is limited to a total of ONE MILLION AND NO/100 (\$1,000,000) DOLLARS for all damages, including costs and attorney's fees per occurrence for any single claim or suit. The parties also agree that this provision satisfies the requirements of Florida Statute §725.06 so that the indemnification provisions are valid and binding upon Customer.
- 10. Choice of Law, Venue and Attorney's Fees. This Agreement shall be governed by the laws of the State of Florida. Venue of any proceeding arising out of this Agreement shall be Hillsborough County, Florida, unless the parties agree otherwise. Should Contractor employ an attorney to institute litigation or arbitration to enforce any of the provisions hereof, to protect its interest in any matter arising out of or related to this Agreement, Contractor shall be entitled to recover from the Customer all of its attorney's fees and costs/expenses incurred therein, including attorney's fees, and costs/expenses incurred at mediation, administrative, appellate or bankruptcy proceedings.
- 11. Waiver of Jury Trial. THE PARTIES KNOWINGLY, VOLUNTARILY, IRREVOCABLY AND INTENTIONALLY WAIVE THE RIGHT TO A TRIAL BY JURY IN RESPECT TO ANY LITIGATION ARISING OUT OF OR PERTAINING TO THE AGREEMENT, OR ANY COURSE OF CONDUCT, COURSE OF DEALINGS, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF ANY PERSON OR PARTY RELATED TO THIS AGREEMENT; THIS IRREVOCABLE WAIVER OF THE RIGHT TO A JURY TRIAL BEING A MATERIAL INDUCEMENT FOR THE PARTIES TO ENTER INTO THIS AGREEMENT.
- 12. **Damage Limitation.** In no event, whether based on contract, warranty (express or implied), tort, federal or state statute or otherwise arising from or relating to the work and services performed under the Agreement, shall Contractor be liable for special, consequential, or indirect damages, including loss of use or loss of profits. Contractor and Customer agree to allocate certain of the risks so that, to the fullest extent permitted by law, Contractor's total aggregate liability to Customer is limited to the dollar amount of the Agreement for any and all injuries, damages, claims, expenses or claim expenses including attorneys' fees arising out of or relating to this Agreement regardless of whether it is based in warranty, tort, contract, strict liability, negligence, errors, omissions, or from any other cause or causes.
- 13. Warranties. Unless otherwise provided: THERE ARE NO EXPRESS OR IMPLIED WARRANTIES WHATSOEVER INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. All warranties/guarantees provided by Contractor, if any, shall be deemed null and void if Customer fails to strictly adhere to the payment terms contained in the Agreement. All warranties and guarantees if any, provided under the Agreement are solely for the original Customer and are non-transferable, unless otherwise agreed to by Customer and Contractor in writing. Any express warranty provided, if any, by Contractor is the sole and exclusive remedy for alleged construction defects, in lieu of all other remedies, implied or statutory.
- 14. Claims. It is Customer's duty to notify Contractor in writing within 3 days of the occurrence of any claim, defect or deficiency arising out of work, services or materials provided by Contractor under this Agreement ("Occurrence"). Failure of the Customer to provide written notice of the Occurrence shall result in the Customer waiving all claims that may be brought against Contractor arising out of or relating to the Occurrence, including claims arising in law, equity, contract, warranty (express or implied), tort or federal or state statutory claims.
- 15. Acts of God. Contractor shall not be liable for any damage, whether actual or consequential, or claim arising out of or relating to Acts of God, accidents, civil disturbances, delays in obtaining materials, delays in transportation, fires, weather conditions, strikes, war or other causes beyond Contractor's reasonable control, including delays caused

by any act or neglect of Customer, by any separate contractor employed by the Customer, or by changes ordered by the Customer in the work. Customer shall obtain prior to construction fire, tornado, flood, builder's risk and other necessary insurance for this project.

- 16. **Disclaimer.** Contractor disclaims all liability for all claims, disputes, rights, losses, damages, causes of action or controversies ("Claims") pertaining to Mold, including Claims arising out or relating to the detection, removal, disposal, or remediation of Mold, whether those Claims arise in law, equity, contract, warranty, tort, or federal or state statutory claims, and whether those Claims are based on the acts or omissions of Contractor or individuals or entities under Contractor's control. The Customer is solely liable and responsible for all damages, whether actual or consequential, caused by Mold and incurred by Customer, Contractor or third parties.
- 17. **Working Hours.** The proposal is based upon the performance of all work during Contractor's regular working hours, excluding weekends and National holidays. Extra charges will be made for overtime and all work performed other than during Contractor's regular working hours if required by Customer.
- 18. **Materials.** All materials and work shall be furnished in accordance with normal industry tolerances for color, variation, thickness, size, weight, amount, finish, texture and performance standards. Contractor is not responsible for the actual verification of technical specifications of product manufacturers, i.e., R value, ASTM or UL compliance, but rather the materials used are represented as such by the manufacturer.
- 19. Construction and Interpretation. Each provision of the Agreement shall be construed as if both parties mutually drafted this Agreement. If a provision of this Agreement (or the application of it) is held by a court or arbitrator to be invalid or unenforceable, that provision will be deemed separable from the remaining provisions of the Agreement, will be reformed/enforced to the extent that it is valid and enforceable, and will not affect the validity or interpretation of the other provisions or the application of that provision to a person or circumstance to which it is valid and enforceable. Headings are for convenience only and do not affect interpretation. This Agreement records the entire agreement of the parties and supersedes any previous or contemporaneous agreement, understanding, or representation, oral or written, by the parties. All documents/exhibits referred to in this Agreement are an integral part of the Agreement and are incorporated by reference. Customer acknowledges that it has read/agreed to all incorporated documents and exhibits

[50% deposit is due at time of signing the Agreement.]

3. FLORIDA SALES TAX. The Contractor acknowledges that the District is a local unit of special purpose government established pursuant to Chapter 190, Florida Statutes, and is exempt from the Florida Sales and Use Tax ("Sales Tax"), and shall not charge the District Sales Tax for the Work.

The Contractor will add the Seven Oaks Community Development District as an additional insured on all policies of insurance and further agrees that said insurance may not be cancelled or modified without thirty (30) days prior written notice to the District. Contractor shall require all of its Subcontractors and suppliers of every tier to procure and maintain all of the same types of insurance coverages which are required of Contractor under this Contract, and to furnish the District with certificates of insurance and endorsements complying with this Paragraph.
- 7. INDEMNIFICATION. Contractor shall indemnify and defend the District and its supervisors, employees, District Manager, District Counsel, District Engineer and any District agents (collectively, the "Indemnified Parties") and hold them harmless from all direct or indirect claims, demands, liens, actions, suits, damages, losses, liabilities or expenses of every kind and nature, including attorneys' fees, arising out of injury to, or death of, persons (including Contractor's and any Subcontractor's employees), and damage to any and all property, including loss of use thereof, occurring incident to or resulting wholly or in part from, directly or indirectly, any negligent or willful act or omission by Contractor in connection with or arising out of the Contract or the performance by Contractor of the Work or Contractor's failure to perform any provision of the Contract, including, without limitation, the use of any employees of the Indemnified Parties, the Indemnified Parties' tools or utilities. Contractor agrees that nothing herein shall constitute or be construed as a waiver of the District's sovereign immunity pursuant to Section 768.28, Florida Statutes.

8. WARRANTIES

- (a) Contractor agrees to faithfully and fully perform the terms of this Contract, and shall complete the Work free and clear of all liens and third party claims. Contractor shall, at all times during the progress of the Work, employ sufficient skilled workers and have on hand and maintain an adequate supply of materials and equipment to complete the Work in accordance with the time schedule.
- (b) Contractor has satisfied itself and verified, by its own independent investigation and study, (i) all the conditions affecting the Site, the Work to be done and materials to be furnished; (ii) the conditions under which the Work is to be done; and has executed the Contract based solely on such investigation, study and determination made by it, and not in reliance upon any representation by District or by anyone acting for or on behalf of District.

SP

(c) Contractor shall comply with all legal requirements (including, without limitation, licensing requirements) applicable to the performance of the Work and deed restrictions and covenants applicable to the Site. Contractor shall be responsible for any fines or penalties assessed against District as a result of Contractor's Work.

9. SCOPE AND QUALITY OF WORK; ASSIGNMENT OF WARRANTIES

- (a) The Work shall be furnished and performed in strict accordance with the Contract. Contractor shall, at its expense, give all necessary notices and cause all Work performed and materials and equipment furnished pursuant to the Contract to comply strictly with all applicable legal requirements. Contractor also shall take and observe all necessary measures and precautions for the safety and protection of all property and persons in connection with the performance of the Work. The Work shall be done, furnished and performed to the satisfaction of District. The District, District Engineer and any governmental or other appropriate authorities and their respective representatives, at all times, shall have access to the Work for any lawful purpose, including inspection.
- The fact that any part of the Work necessary to meet the requirements of District, or any governmental or other appropriate authorities, are not specifically mentioned in the Contract, will not excuse Contractor from performance thereof if said part of the Work to be performed is usual and normal in the crafts or trades required to perform the Work or the crafts or trades usually employed to perform work similar to the Work. Contractor warrants to District that the (i) materials and equipment furnished under the Contract will be of good quality and new unless otherwise required or permitted by the Contract, (ii) Work will be free of defects not inherent in the quality required or permitted by the Contract, and (iii) Work will conform with the requirements of the Contract. Any portion of the Work not conforming to these requirements may be considered defective. If requested in writing by District within one year of the date of Final Completion, Contractor shall furnish reasonable evidence as to the kind and quality of materials and equipment furnished under the Contract. If within one year after the date of Final Completion of the Work or any designated portion of the Work, any of the Work is found not to comply with the requirements of the Contract, then Contractor shall correct such noncompliant portion of the Work at its expense promptly after receiving written notice from District requesting such correction. This one-year period shall be extended with respect to portions of the Work completed after the date of Final Completion, if any, by a period equal to the time between the date of Final Completion and the actual completion of such portion of the Work. The provisions of this Subparagraph 9(b) shall survive approval of the Work under this Contract. Contractor's warranty in this Subparagraph 9(b) is in addition to, and does not limit in any way District's Claims for latent/patent defects or Claims for warranties set forth by law, or any implied warranties recognized by applicable statutory or common law.
- (c) Contractor shall assign and transfer to District all warranties and guaranties received by Contractor in connection with any Work, materials, equipment and components furnished by Contractor. If such warranties and guaranties are not by their terms assignable, Contractor agrees to initiate Claims and enforce such warranties in accordance with their terms for the benefit of District upon demand.

10. CONCEALED CONDITIONS

- (a) Contractor has reviewed all existing conditions and limitations affecting the Work, including, without limitation, all property lines, utility locations, existing improvements, elevations, and Site and local conditions, as applicable to the Work. Claims for additional compensation or extensions of time because of the failure of Contractor to familiarize itself with conditions at the Site will not be allowed.
- (b) If conditions are encountered at the Site which are (i) subsurface or otherwise concealed physical conditions which differ materially from those indicated in the Contract, or (ii) unknown physical conditions of an unusual nature, which differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract, then notice by the observing party shall be given to the other party promptly before the conditions are disturbed and in no event later than three (3) business days after first observance of the conditions. District Engineer will promptly investigate such conditions and, if they are not governed by Paragraph 10(c) below and cause an increase or decrease in Contractor's cost of, or time required for, performance of any part of the Work, will recommend an equitable adjustment in the Contract Price or Contract Time or both. If District Engineer determines that conditions at the Site are not as described in clauses (i) and (ii), above, and that no change in the terms of the Contract is justified, District Engineer shall so notify District and Contractor in writing, stating the reasons. Claims by either party in opposition to such determination must be made within fourteen (14) days after District Engineer has given notice of its determination.
- (c) No adjustment in the Contract Time or Contract Price shall be permitted, however, in connection with a concealed or unknown condition (i) which does not differ materially from those conditions disclosed or (ii) which reasonably should have been disclosed by (a) Contractor's inspections, tests, reviews and preconstruction services performed in connection with the Work, including any tests made by or in the possession of Contractor, or (b) inspections, tests, reviews and preconstruction services which Contractor negligently failed to request in connection with the Work.

11. COMMENCEMENT OF PERFORMANCE AND COMPLETION

Contractor shall diligently prosecute the Work and achieve final completion of the entire Work according to the time outlined in this Contract. Contractor shall be responsible for obtaining all necessary permits and other governmental approvals and any delay in obtaining such permits and approvals will not serve to extend the contract time unless such delay is specifically shown to be outside Contractor's control. Time is of the essence with respect to the Contract and all of Contractor's obligations thereunder.

12. SUPERVISION AND CONSTRUCTION PROCEDURES

(a) Contractor shall supervise and direct the Work, using its best skill and attention. Contractor shall be solely responsible for all construction means, methods, techniques, sequences

and procedures, and for coordinating all portions of the Work under the Contract and following any special considerations specified by District in conformance with the Contract.

- (b) Contractor shall at all-times enforce strict discipline and good order among its employees, supervisors, Subcontractors and agents and shall not employ on the Work any unfit person or anyone non-skilled in the task assigned to them. Any Subcontractor that the Contractor utilizes or employs shall possess all required licenses and permits to perform its portion of the Work.
- (c) Contractor shall furnish all of the construction equipment needed to complete the Work within the Contract Time. All equipment and machinery used which might affect the progress or quality of the Work shall be satisfactory in all respects for the performance of the Work and shall be maintained in good repair to ensure that the Work will be of the highest quality and will be completed within the Contract Time.

SUBCONTRACTS

Contractor agrees to hold its Subcontractors, including all persons directly or indirectly employed by them, responsible for any damages due to breach of contract or any negligent act and to diligently endeavor to effect recoveries of such damages. District shall be deemed to be a third party beneficiary of, but shall not have any obligation under, each subcontract and may, if District elects, require (following Contractor's default under the Contract or District's termination of this Contract) that a Subcontractor perform all of the then unperformed duties and obligations of such Subcontractor thereunder for the benefit of District (rather than Contractor); however, in the event that District requires any such performance by a Subcontractor for the direct benefit of District, then District shall be bound and obligated to pay such Subcontractor for such portion of the Work done by such Subcontractor in accordance with the terms of the Contract for such portion performed in strict conformance to the Contract to date (to-wit: the reasonable value of that portion of the subcontract performed by such Subcontractor) and subsequent to the date that District elects to invoke such rights. District's liability in connection herewith, however, is not to exceed the amount obtained by subtracting from the subcontract price the total of all sums paid by Contractor to Subcontractor prior to District's invoking its rights hereunder with respect to direct performance by Subcontractor for District. In the event that District elects to invoke such rights, District shall give written notice of such election to Contractor and such Subcontractor. Any amounts paid by District to a Subcontractor shall be either (a) deducted from the amount due to Contractor under this Contract or (b) reimbursed if District has already paid Contractor, by Contractor to District upon District's written demand.

Prior to the retention or hiring of a Subcontractor, Contractor shall inform the District which persons, firms or entities which Contractor proposes to engage to furnish labor and/or materials in constructing the improvements and, if requested by District, will furnish District with a copy of all written agreements (including subcontracts and purchase orders) therefor. Contractor agrees that District has the right in its sole discretion to disapprove any Subcontractor of any tier. District also shall have the right to telephone or otherwise communicate with each Subcontractor of every tier to verify the facts disclosed by any list or any invoice submitted to District, or for any other purpose. All subcontracts let or amended by Contractor relating to the Work shall require

disclosure to District of information sufficient to make verification. Each approved subcontract shall contain provisions which specifically bind such Subcontractor to the applicable terms and provisions of the Contract and shall also contain provisions permitting assignment thereof to District and District's lender as provided below.

Any Subcontractor or individual laborer whom District or District Engineer believes in good faith not to be qualified to pursue the Work or whom District does not wish to be engaged in the Work, shall be excluded from the Work, and shall be replaced with a Subcontractor or laborer approved by District and District Engineer.

14. FEES, PERMITS AND LICENSES

Contractor shall, unless specified to the contrary in the Contract, secure and pay for all governmental fees, permits and licenses, necessary for the proper execution and completion of the Work, required to be obtained by a general contractor by the local jurisdiction in which the Work is to be performed.

SAFETY AND SECURITY

Contractor shall be responsible for taking all reasonable precautions for the safety of, and shall provide all reasonable protection to prevent damage, injury or loss to, (i) all employees hired by it or any Subcontractor; (ii) District's agents and representatives and other persons authorized by District to visit the Site or the Work; (iii) all other persons who may be affected by Contractor's activity at the Site; and (iv) property (including, but not limited to, the Work, equipment and materials belonging to Contractor, District or other contractors employed by District) at the Site or adjacent thereto. Such precautions may include, at District's request, the separation of Contractor's equipment and materials from that of other contractors.

Contractor shall have custody of and be responsible for the care and maintenance of the partially completed Work and the finished Work until final approval by District. Contractor shall repair or replace at its own expense any damage to the Work due to any cause and shall do such remedial work as may be necessary to maintain the Work in proper condition until all parts of the Work have been completed in accordance with the Contract and delivered undamaged to District and approved by the District Engineer.

Contractor shall at all times conduct its operations in such a manner and employ all reasonable means to prevent any injury (including death) to any person or damage to or destruction of any property, along, upon or near the Site.

If the Work will cross, be parallel to or be in close proximity to facilities, such as utilities of either District or others, then extreme care shall be exercised at all times so as not to damage or interfere with the operation of such facilities. The Contract Price includes the cost of providing all labor, materials and equipment necessary to complete any crossing or to protect any facilities to the satisfaction of District.

Contractor recognizes that in some instances the uncovering of known facilities may reveal some divergences from the Drawings and Specifications and Contractor shall perform the Work occasioned by any necessary changes thereto at no additional cost to District. Contractor further recognizes that unknown existing facilities may be discovered, in which case Contractor shall immediately apprise District and District Engineer of the nature, size and location of such facilities, and shall perform all necessary Work required to avoid damage to or interference with the operations of such facilities; the cost of any such Work shall be paid by District only if set forth in an approved Change Order pursuant to Paragraph 16 of this Contract.

NON-CONFORMING WORK

When any non-conforming Work is found, the entire area of the Work involved shall be corrected unless Contractor can completely define the limits of the non-conforming Work. Additional testing, sampling or inspecting needed to define non-conforming Work shall be at Contractor's sole cost and expense. Contractor shall employ District's independent testing laboratory, or a mutually satisfactory independent testing laboratory if such services are required. All corrected Work shall be re-tested at Contractor's sole cost and expense. Extra Architectural or engineering services required by Contractor to analyze non-conforming Work shall be paid for by Contractor.

17. CHANGE ORDERS

District shall have the right at any time, by written Change Order signed by District and Contractor, to make changes in any one or more of the following parts of this Contract:

- (a) the scope of the Work applicable hereto or
- (b) the scheduling of performance of all or any portion of the Work.

18. CONTRACTOR'S DEFAULT AND DISPUTE RESOLUTION

Contractor shall be in "Default" under this Contract if, after seven (7) days written notice, Contractor fails or neglects to (i) carry out the Work in accordance with the Contract or in accordance with any specifications, applicable laws, (ii) make proper and timely payment to any Subcontractor for materials or labor, (iii) comply with the progress schedule, (iv) replace rejected material promptly or correct rejected workmanship as herein provided, or (v) observe any other terms, provisions, conditions, covenants and agreements in the Contract to be observed and performed on the part of Contractor. In the event of a Default by Contractor, District, without prejudice to any other right or remedy District may have, may correct such deficiencies and may deduct the cost thereof, including compensation for the District Engineer's or any architect's services and expenses made necessary thereby, from the payment then or thereafter due Contractor.

Alternatively, after Contractor's failure to cure such matter within such seven (7) day period, at the District's option, District may terminate this Contract and take possession of the Site and remove all materials, tools and construction equipment and machinery thereon owned by Contractor (or require Contractor to immediately remove all such materials, tools and construction

SP

equipment and machinery from the Site) and District may finish (or cause another contractor to finish) the Work by whatever method District may deem expedient. If District takes possession of the Site, District may, without any cost or liability to District, use materials, tools and construction equipment and machinery owned by Contractor and left on the Site. If the unpaid balance of the Contract Price exceeds the cost of finishing the Work, including compensation for District Engineer's and any architect's services and expenses made necessary thereby (including, without limitation, District's reasonable attorney's fees and costs), such excess shall be paid to Contractor following final completion of the Work by District, but if such cost exceeds such unpaid balance, Contractor shall pay the difference to District. District shall not be responsible to Contractor for any loss of anticipated profits or other consequential damages on any of the Work not performed on account of a termination of this Contract under this Paragraph 17. After any termination of the Contract by District pursuant to this Paragraph 17, Contractor shall not be entitled to any further payment under this Contract except to the extent of any amount by which the authorized Work completed or installed by Contractor prior to such termination and not previously paid for by District exceeds the amount due by Contractor to District under this Paragraph 17 (including all damages which District would be entitled to recover from Contractor by reason of Contractor's breach), and even then only at such time as the Work is finally completed. Any sums payable by Contractor to District pursuant to this Paragraph 17 shall be payable upon demand and shall bear interest at the lesser of 12% per annum or the highest lawful rate until paid.

In the event of any dispute, claim, question, or disagreement arising from or relating to the Work, this Contract or the breach thereof, the parties agree to participate in pre-suit mediation as a condition precedent to binding dispute resolution. Said mediation shall occur in the County where the project is located within sixty (60) days after the date of either party's written request for mediation. After written request, a party's failure to mediate within said time will deemed to be a waiver of its right to pre-suit mediation. The request for mediation may be made concurrently with the filing of binding dispute resolution proceedings but the mediation shall precede any binding dispute resolution proceedings, which shall be stayed pending the final outcome of mediation or the sixty (60) day mediation term, whichever first occurs. If an arbitration is stayed pursuant to this provision, the parties may nonetheless proceed to select arbitrator(s) and/or agree upon a schedule for later proceedings. Unless otherwise provided for herein, the parties shall share the mediator's fees equally.

The District shall, in its exclusive and sole discretion, have a right to have any dispute, claim, question, or disagreement arising from or relating to the Work, this agreement or breach thereof, resolved by way of binding arbitration, which if demanded, will be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of the Agreement. The District's demand for arbitration shall be made in writing, delivered to the other party to Contract, and filed with the person or entity administering arbitration. In the absence of the District's written demand for arbitration, which is its sole and exclusive right, all disputes, claims, questions, or disagreements arising from or relating to the Work, this agreement or breach thereof shall be resolved in a court of competent jurisdiction. The parties hereto agree that if disputes, claims, questions, or differences cannot be settled by negotiation or pre-suit mediation, then the parties agree that the exclusive jurisdiction and venue for any binding dispute resolution shall be in the County where the project is located.

- 19. WAIVER OF REMEDIES. The waiver by District of any default, or of any breach of the terms of this Contract, shall not be deemed a waiver of any subsequent breach. The remedies and rights of District, in the event of any Default by Contractor, are cumulative and in addition to those given by law.
 - 20. ATTORNEY'S FEES. In the event an action is instituted to construe, interpret or enforce any of the provisions of this Contract, or to declare the rights of a party hereunder or the successor or assignee of a party hereunder, the party prevailing in such action shall be entitled to recover from the other party thereto, as part of the judgment, reasonable attorney fees and paralegal assistant fees and costs, whether incurred before, during, or at trial, on appeal, or in any mediation, arbitration or administrative proceeding.
 - 21. <u>NOTICES</u>. Unless otherwise indicated, all notices must be in writing to the addresses listed in this Contract.
 - 22. <u>MISCELLANEOUS</u>. If any provision of this Contract is found to be invalid, the remaining provisions are still effective. The word "including" means "including without limitation." All schedules and attachments are a part of this Contract.
 - 23. NO WAIVER. Approval of any portion of the Work or payment therefor by District shall not constitute a waiver of any Claims that District may have against Contractor with respect thereto.
 - 24. <u>NO OTHER AGREEMENT</u>. It is agreed between the parties that there are no other agreements or understandings between them relating to the subject matter of this Contract. No change or modification of this Agreement shall be valid unless the same is in writing and signed by the parties.
 - 25. <u>JURISDICTION</u>. This Agreement shall be construed in accordance with and governed by the laws of the State of Florida with venue in the county where the District is located.
 - 26. PUBLIC RECORDS. The Contractor understands and agrees that all documents of any kind provided to the District in connection with this Agreement may be public records and shall be treated as such in accordance with Florida law. The Contractor shall: (a) keep and maintain public records that ordinarily and necessarily would be required by the District in order to perform the service, (b) provide the public with access to public records on the same terms and conditions that the District would provide the records and at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law, (c) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law, and (d) meet all requirements for retaining public records and transfer, at no cost, to the District all public records in possession of the contractor upon termination of the contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the District in a format that is compatible with the information technology systems of the District.

OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (813) 514-0400, OR BY EMAIL AT https://example.com/mrizzetta.com/, OR BY REGULAR MAIL AT 5844 OLD PASCO ROAD, SUITE 100, WESLEY CHAPEL, FLORIDA 33544.

Pursuant to Section 448.095(2), Florida Statutes, Contractor represents that Contractor is eligible to contract with the District and is currently in compliance and will remain in compliance, for as long as it has any obligations under this Agreement, with all requirements of the above statute; this includes, but is not limited to, registering with and using the United States Department of Homeland Security's E-Verify system to verify the work authorization status of all employees hired on or after January 1, 2021. If the District has a good faith belief that the Contractor has knowingly violated Section 448.09(1), Florida Statutes, the District may terminate this Agreement as required by Section 448.095(2)(c), Florida Statutes. If the District has a good faith belief that a subcontractor knowingly violated Section 448.09(1), Florida Statutes, but the Contractor otherwise complied with its obligations thereunder, the District shall promptly notify the Contractor and the Contractor will immediately terminate its contract with the subcontractor. If this Agreement is terminated in accordance with this section, then the Contractor will be liable for any additional costs incurred by the District.

Pursuant to Section 287.135, Florida Statutes, Contractor represents that in entering into this Agreement, the Contractor has not been designated as a "scrutinized company" under the statute and, in the event that the Contractor is designated as a "scrutinized company", the Contractor shall immediately notify the District whereupon this Agreement may be terminated by the District.

- 30. SEVERABILITY. The invalidity or unenforceability of any one, or more provisions of this Agreement shall not affect the validity or enforceability of the remaining portions of this Agreement, or any part of this Agreement not held to be invalid or unenforceable.
- 31. ARM'S LENGTH TRANSACTION. This Agreement has been negotiated fully between the District and the Contractor as an arm's length transaction. The District and the Contractor participated fully in the preparation of this Agreement. In case of a dispute concerning the interpretation of any provision of this Agreement, the parties are each deemed to have drafted, chosen, and selected the language, and any doubtful language will not be interpreted or construed against any party.
- 32. <u>COUNTERPARTS</u>. This Agreement may be executed in any number of counterparts, each of which when executed and delivered shall be an original; however, all such counterparts together shall constitute, but one and the same instrument.

WHY DO WE NEED A LICENSE?

Movies and TV entertain, educate, and inspire. What you may not have considered is that this content is intended for personal, private use only and requires a license when shown in public.

The U.S. Copyright Act was adopted in 1976 to provide guidelines for compliance and protect creativity. Copyright law gives copyright owners exclusive rights, including to publicly exhibit their content. For everyone else, a public performance license from the owners is required to publicly display broadcast, cable, or satellite television; DVD or Blu-ray; and downloaded or streamed content.

Failure to comply with the Copyright Act can result in liability for damages ranging from \$750 to \$150,000 for each illegal exhibition, plus court costs and attorney fees.

OUR VALUES

Established: With more than 30 years of experience, we take pride in our pioneering approach to licensing.

Educational: We share our knowledge to help clients better understand the importance of their compliance contribution.

Empathetic: Together, we can create a community that supports the future of the entertainment we know and love.

Driven: Passion drives us forward as we grow and evolve in support of the creative community.

THE SIMPLE SOLUTION

MPLC was founded in 1986 with the goal of providing an affordable way for the public to enjoy movies, television, and other audiovisual content outside of the home with the assurance of copyright compliance. Since the introduction of MPLC's pioneering Umbrella License, we have come a long way, now representing more than 1,000 rights holders and licensing in more than 40 countries around the world. Best of all, fees from every Umbrella License are shared with MPLC rights holders, to support the next generation of movies and television.

BENEFITS

- · One license fee based on intended use.
- Public performance rights from more than 1,000 rights holders with only a few title exclusions.
- Enjoy unlimited showings without any reporting requirements.
- · Obtain content on your own from any consumer source:
 - DVD. Blu-ray
 - Download or streaming
 - > Broadcast, cable, or satellite television

GUIDELINES

- Exhibitions must be free of charge.
- Promotion must fall within MPLC guidelines.
- Rights holders vary according to the type of license granted and intended license use.

COMPLIANCE

- · Contact MPLC for a license fee quote and rights holder list.
- · Complete and submit the Umbrella License Application.
- Your Certificate of License will be issued upon receipt of application.
- Begin showing movies, TV, and other audiovisual content with the assurance of copyright compliance.

QUESTIONS & ANSWERS

- Q: We show movies, TV, and other audiovisual content via DVD, Blu-Ray, download, stream, over the air broadcast, cable, or satellite TV. Do we still need a license to view or show it in public?
- A: The content obtained in all those ways is meant for personal, private use only and is not meant for showing in public without permission from the rights holder. An Umbrella License may be needed when MPLC's rights holders' content is shown in public.
- Q: I already have a cable or satellite business package.
 Do I also need an Umbrella License?
- A: While cable and satellite business packages include public performance rights for some content (e.g., for live sports), the packages may not include public performance rights for all the content available in the package. The Umbrella License gives you the most coverage commercially available to fill the remaining gaps, thus protecting you from claims not covered by the rights included in a business package.
- Q: We do not charge admission to show the content. Do we still need a license?
- A: A license may be required regardless of whether an admission fee is charged. In fact, the Umbrella License only covers situations where admission is not charged.
- Q: We are a nonprofit organization. Do we still need a public performance license?
- A: Yes. The U.S. Copyright Act applies equally to nonprofit and for-profit organizations.
- Q: We are not open to the general public. Do we still need a public performance license?
- A: Yes. Any place where a substantial number of persons outside of a normal circle of a family and its social acquaintances is gathered including, but not limited to, clubs, lodges, factories, summer camps and schools, requires a public performance license to show audiovisual content to its members or patrons, with narrow and limited exceptions.

Option 1 would be unlimited movies—we do not offer unlimited movies. All movies advertised and promoted to your community require a per title per day Public Performance License. Option 2 would be 12 movies for the year

Here is the quote I provided in October:

2 outside and 10 Inside

Pricing for Clubhouse screenings indoors: \$295-\$305

Commit to 10--\$275 each= \$2750

Two Outdoors a year: \$450 each= \$900

Total for all twelve: \$3650, Licensing only.

Let me know if you still intend to show 10 indoors and two outdoors. If this has changed, let me know so I can provide a new quote.

Best,
